Think of a world where ev'-ry-one cares
a-bout the land that ev'-ry-one shares think of the soil that's un-der your feet
and what it needs to make it com-plete un-der a brand new
sky We don't have to set-tle for a dy-ing pla-net there is some-thing we can do
we can save the land and ev'-ry-thing u-pon it all it takes is me and you
me and you (ooh) Take a look
Kevin or adult male soloist
Take a look out-side of your door
